

DRILLING FOR GEOLOGY II

26-28 JULY 2017, BRISBANE

Royal on the Park
Brisbane Australia

SPONSORSHIP, EXHIBITION AND POST-CONFERENCE WORKSHOP OPPORTUNITIES

AUSTRALIAN
INSTITUTE OF
GEOLOGISTS

Supporting Geoscientists

The Australian Institute of Geoscientists (AIG) is pleased to host the second instalment of its very successful Drilling for Geology conference held in 2008.

Drilling for Geology II will again focus on the collection and analysis of geoscientific information from drilling. From grassroots exploration through to mining operations, drilling is the prime method used for geological data collection and is often the biggest single cost centre for exploration and mine geology budgets.

This conference is designed to provide geologists, engineers, metallurgists, environmental scientists and hydrogeologists with up-to-date information on all drilling-related issues. Thirty confirmed presentations introduced via key note talks will cover best practice, case studies, emerging developments and blue sky R&D in the themes of:

- Drilling techniques
- Drilling logistics from planning and approvals to execution
- Drill hole sampling and logging methods and applications
- Sensing, borehole geophysics and measurement/logging whilst drilling
- Making better use of drilling data

The AIG invites you to sponsor and/or exhibit and/or deliver professional development workshops at the conference. Drilling for Geology II is an industry focused conference organised by the leading industry organisation representing geoscientists in Australia. It represents a perfect networking opportunity to market your services and expertise directly to many of your existing and prospective clients.

Drilling for Geology II is a three-day event comprising two days of technical presentations including keynote addresses, followed by a day of specialised industry forums and workshops, presented by industry leaders. In parallel with the first two days a trade exhibition will be held, where all morning and afternoon tea and lunches, as well as the welcome drinks function will be held. This will provide excellent networking opportunities with conference delegates.

The conference will be held in Brisbane at Royal on the Park and is designed to cater for up to 200 delegates. The hotel has excellent conference facilities with a dedicated trade exhibition area and ideal settings for conducting technical workshops and professional development.

If geologists, engineers, metallurgists, environmental scientists and hydrogeologists are your target market, Drilling for Geology II is a perfect opportunity to reach them effectively.

- Opportunity to chair one session and present a 2 minute address prior to your nominated session

1 of 4 SOLD

GENERAL SPONSOR
\$330 (incl GST)

- Opportunity to provide satchel insert
- Company logo included in event literature

EXHIBITION OPPORTUNITIES

A comprehensive exhibition will be held in conjunction with the Conference to showcase a full range of products and services relating to 'Drilling for Geology II'. The trade exhibition will run for the first two days of the conference in conjunction with the formal technical presentations. Exhibitors will be required to set-up prior to 8.15am on Day 1 and dismantle after 4.00pm on Day 2. All breaks and the Welcome Drinks will be held in the trade exhibit area.

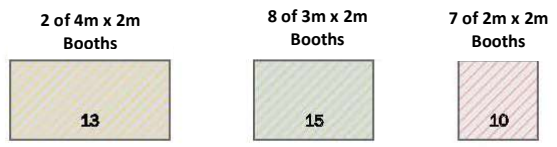

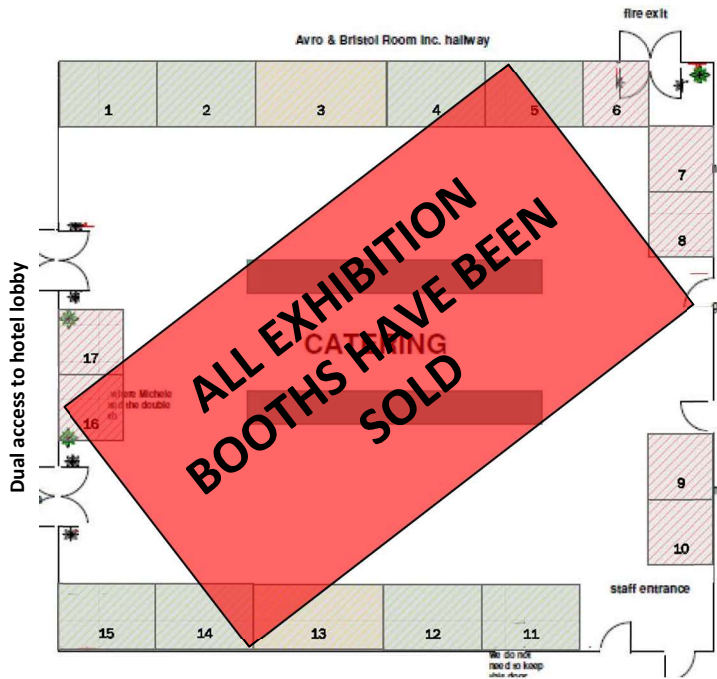

Booth dimensions are 3m x 2m for a 'Premium Booth' and 2m x 2m for a 'Standard Booth'. Two 'Premium Plus' booths are reserved for Gold Sponsors. All booths include 2 x 75w spotlights, 1 x 4amp double outlet per stand and the exhibitor's company name displayed on the booth fascia. Superior booth layouts, furniture, audio visual equipment, additional lighting and electrical requirements are also available for hire. Details of suppliers will be forwarded to you upon receipt of your registration.

The proposed floor plan is displayed to assist in selecting your preferred booth location. Michele Pilkington would be delighted to speak with you to further discuss exhibition opportunities.

TRADE EXHIBITION

Premium Booth 3m x 2m	\$2,420 (incl GST)
Standard Booth 2m x 2m	\$1,980 (incl GST)

- Exhibition stand package consisting of selected booth layout with organisation name mounted on overhead fascia, 2 x 75w spotlights and 1 x 4 amp double outlet
- Logo included in all event literature
- Acknowledgement at Opening/Closing Session
- Registration for one (1) representative to attend Conference and Dinner (inclusive of all benefits)
- Opportunity to register additional staff to attend the exhibition only for \$165 per person
- Satchel insert

POST CONFERENCE WORKSHOPS

The third and final day of the conference is dedicated to the running of ongoing professional development and training. AIG wishes to encourage organisations and service providers to present technical workshops, forums and information sharing seminars to conference delegates. There are opportunities to present half day and full day workshops in a range of areas including drilling logistics and contract management, drilling techniques and practices, drill core logging technologies, borehole geophysics, analytical techniques and data management, analysis and interpretation or other related topics.

It is anticipated that many of the post-conference workshops will be held at the Royal on the Park which has excellent facilities and can cater from 5 to 50 workshop participants in each of its meeting rooms. Also, some organisations will be offering workshops at their own Brisbane-based facilities e.g. drilling contractors and laboratories. AIG expects to offer from six to ten workshops throughout the day.

Organisations wishing to run post conference workshops are free to set pricing in accordance with their company objectives.

All post-conference workshops will be included on conference circulars and the conference registration form. AIG will manage registrations for the workshops and will charge organisations a nominal booking fee for this service. All other associated expenses, such as venue hire and catering costs, will be the responsibility of the Workshop Organiser.

TERMS & CONDITIONS

1) By returning this registration, you agree to be a non-exclusive sponsor/exhibitor of the 'Drilling for Geology II' Conference organised by AIG and held at the Royal on the Park from 26 to 28 July 2017. 2) Upon receipt of your registration, acknowledgement of receipt will be sent in writing with a Tax Invoice. 3) Monies paid are non-refundable. 4) The Conference Organisers may at their discretion use your logo, symbol, trade mark or registered mark in acknowledging your sponsorship in the conference literature where this is offered as part of your particular sponsorship package and no payment shall be made for such use. All logos must be supplied in a high resolution format. Should an alternative format be received, the Conference organisers cannot be held responsible for the quality of the logo displayed. 5) The Conference Committee must approve the size and content of all satchel inserts. 6) Nothing contained in this form will be deemed to constitute a partnership, joint venture or agency relationship between AIG and/or the Conference Organisers. 7) Details in this document are correct a time of printing. The 'Drilling for Geology II' Conference Organising Committee and the Conference Secretariat do not accept responsibility for any changes that may occur.

Please direct enquiries about sponsorship and/or trade exhibition and/or delivery of a professional development workshop to Michele Pilkington, Conference Secretariat
